KORSAK 10-1-23
MISALIGNMENT OF INCENTIVES: BAD FOR PATIENTS, PRACTITIONER, & PUBLIC HEALTH

- Not measuring LDL
- Statin deficiency
- Not relevant, accurate, or aligned

RESTORING QUALITY MEASURES
- Use the platform to move the needle

FINANCIAL TOXICITY
- Medical bills are biggest fear
- Insurers premiums & medications
- Can’t afford treatment
- Poor quality of life
- Bills & cost is killing patients

70% experiencing hardship are insured

SOLD HIS PULITZER

CALL TO ACTION
- Simplify recommendations for LDL-C
- Advocate for LDL-C
- Reduce disparities
- Increase measurements
- Amplify urgency
- Connect patients

TALK ABOUT COST & PRICING
- Why is it getting worse?
- No financial incentive
- Only 15 min
- Health should also self-disability & life
